Production 2014

Dear Parents and Caregivers

This term we will be performing our biannual school production. We are well underway in the planning and preparation for this event. To ensure the smooth running and success of the production we will require parental involvement and support. This will be in the form of sewing of costumes and makeup (face-painting) on the matinee and evening performances.

The costumes that are required for our performance are onesies. I will be purchasing the material in the next few weeks. If anyone is able to sew some onesies (we need 21), please pop in and see me. Thanks to the grandparents and parents who have already offered assistance. Your support is greatly appreciated. If we can get at least 7 parents then that means a minimum of 3 onesies each.

There will be a small cost of \$5 per child to go towards purchasing the material for the onesies/the clown wigs/face paint. Please send this money to school with your child.

Kind Regards  
Melanie
