Please make sure children have their togs each day as they will be expected to participate in the swimming programme every day. *Their togs don't need washing every day, drying overnight will be fine!*

Children will be placed into class groups determined by the skills assessment sheet filled in by parents. They will be assessed after their first week of swimming to determine suitable placement. The class teacher will assess the children. The instructors are from Kapiti Coast Aquatics.

Swimming goggles are a must as this ensures the children focus on the skills being taught.

Children will need snack food, water and a warm jersey/jacket and beanie (hat) to put on after lessons. Please label your child's clothing and towel as things do get lost.

We will require a maximum of 8 parents to assist us with the programme each day. Parents will be supervising the children before, during and after their lessons. Thank you for your support, Andrew Wooster.

Please complete this permission slip and return to school by **Thursday, 3rd November 2016**
